### **Frederick Perls Dream Dream Stop Dream Dictionary**

In Perls dream theory, there is something to be learned from all sides of the dream, and understanding of the dream can only come from taking the side of all parts of the dream in order to understand how all the pieces fit together. For instance, if you dream that you are being chased, you see the dream from your own perspective. If you then turn around and ask your pursuer why he (or she) is chasing you, you will gain another perspective.

### **Dream Moods Dream Theories Frederick Perls**

Perls believes that dreams contain the rejected, disowned parts of the Self. Every character and every object in a dream represents an aspect of the Self. You are the hurricane, you are the attacker, you are the broken down car, you are the bridge, and you are the dusty book. Perls rejects the notion that dreams are part of a universal symbolic language. He believes that each dream is unique to the individual who dreams it.
