Also check out usenet, lots of books get posted. I've found some textbooks that way. The biggest challenge I've found is that books are so small (relative to blu-ray movies) that they're often made into a pack of books on a topic/subject. So you may have to download a few to see what they have available.

Top 7 Chemistry Textbooks of 2018 | Video Review

Chemistry can be complicated, and any chemistry textbook of note will need to cover the basics in an easily understandable format. Introductory chapters will usually help familiarize readers with the full metric system. This enables a universal understanding of measurements of various solids, liquids, and gasses.
