Problems compiling the Bentley Map provided examples ...

Bruce, What version of Bentley Map and MicroStation are you using? If using the latest V8i releases, then you will need to use Microsoft Visual Studio 2005 Edition for native code development.

All about function keys and function key menus - AskInga ...

MicroStation includes a nifty dialog to edit function key menus that can be accessed via Workspace > Function Keys. Although this works just fine, it's sometimes more convenient to edit your function key menu file in a text-based editor.

How To: Use Microstation data linked to external tables ...

In order to know which external database table a Microstation element is linked to, the locations of the external tables must be identified and a database connection must be established to that database. Included in the database is a special 'catalog' table. The 'catalog' table contains a list of the names of the feature attribute tables linked to the Microstation elements.
