The body finder had everything I look for in a book; a little bit of romance and not only were the main characters amazing and the plot intriguing, but Kimberly Derting's writing style really added to the thrilling side of the novel. Kimberly Derting (Author of The Body Finder) Kimberly Derting is a genius, the writing style id so damn good, the story line is compelling and captivating that one minute your extremely happy over the development of Kyra and Tyler relationship and the other was totally stress out with the hole NSA business, I can't wait to read the second part of the awesome trilogy.
